VIDEO OF THE MONTH

Video of the month: "Where do I come from?"

"Where do I come from", a best practice example from Kelmcott School. The video was made by a young Afro-Caribbean student who wrote and presented the work. It includes documentary footage accessed from the internet, music which was made by one of her relatives and interviews with a number of British citizens who came from the West Indies to the United Kingdom. This documentary approach to the work can be easily adopted within other themes and school subjects.
